(same driveway as Jaycar)

**Castle Hill**

**PHONE NO. 9659-5366P**

How lucky we are to have an association with Cartridge World. We encourage all members to take advantage of Jeff Harper's offer of **free technical support** over the phone for printer related issues.

He will **collect** any sick printers directly from resident premises for repair! His **fees are minimal** and there is **no charge** for collect and return.

**4 Club Members** have recently purchased the new phone for \$179.00 (just right for seniors) and are very happy.

## Staying Connected - continued

an Apple device and WiFi can call a 'meet together'!

### 5. Skype

An older app, compatible with all devices and platforms. At first Skype was used as a messaging app but now used for 1 on 1 or group meetings with video and voice, so long as everyone has a **webcam and a microphone**.

### 6. Signal (Editor's favourite)

Signal is a newer app. It is a free, privacy-focussed messaging and voice talk app you can use on Apple or Android. You can send direct or group messages, **photos** and voice messages. The key advantage of Signal over 1-5 is a strong focus on security and privacy.

**Now favoured by tech giants, cyber security experts, journalists, government officials and Elon Musk!**

Signal user messages are **stored only on your device**, not on Signal servers or anywhere else. No way for a hacker to read your message by hacking Signal's infrastructure. ( Ever careful, your editor still won't text a password or bank information on Signal)

**If you want to improve your connection to the outside world,— family or friends, no matter what their distance,**

## GENEALOGY.....

Have you hit a brick wall with your Family History?

Would you like to find out who your ancestors were? Do you know where to start?

Our **resident genealogist, John Gaffey** might be able to help you.

Do give the Club a ring on **8853 1810** and make an appointment.

There may be an amazing discovery!

## YOUR DIGITAL PRACTISE THIS MONTH

### Activity 9 of 15

## Update your privacy settings

Open one of your social media apps. Go to the settings for your account. Find the privacy settings and check who can see your posts and photos. Update them if you want to and save your changes.

Open the settings app on your smartphone and find the 'Privacy' section. Review what apps have access to your camera and microphone.
