Saturday BYOD Tech Tips
ARV Computer Club

Session 2: Privacy Settings on Chrome Browser on Computers

Presenter: Brian McLauchlan

What tips will be shown this week:

- Using Google Chrome browser for Mac or Windows
- Using Settings menu to adjust privacy in the browser
- Preventing tracking in Chrome browser
- Adjusting other Google Account settings for privacy

Important! These sessions are hands-on so bring your own device (BYOD) to practice the tips and get the most out of the session time.

Where: The Gatehouse

Time: 10am

Date: Saturday 14th March 2026
