

*Connecting Residents with  
Technology*

## **Saturday Technical Session ARV Computer Club**

### **Session 2: Privacy & Security; Actions for all**

Presenter: Brian McLauchlan

This session discusses what changes are possible on our devices to improve Privacy and Security, recommendations for:

- Device settings
- Use of better passwords
- Avoiding risky apps
- Device hygiene
- Avoiding scams
- Avoiding AI problems

*Novice to nerd; these sessions are plain speaking about technology so you get a good understanding.*
