

Saturday Tech Tips BYOD ARV Computer Club

Session 11: Edit images on a mobile device **Level: Basic or Refresher**

Presenter: Brian McLauchlan

What tips will be shown this week:

- How images are stored in mobile apps
- Basic editing controls
- Samples of editing on devices
- Issues with organising edited images

*Important! These sessions are hands-on so **bring your own device** (BYOD) if you want to practice the tips and get the most out of the session time. You need to bring a Windows laptop with either Windows 10 or 11 installed.*

Where: The Gatehouse

Time: 10am

Date: Saturday 13th December 2025
